PALATRIESTE

**35th European Cadet and Junior
Karate Championships**
Trieste, Italy – 15/17 February 2008

It is for me and for all of the components of the European karate family a great pleasure to visit Trieste. More than 40 European countries are going to meet in Trieste around Karate, a sport that is proving day by day not only how deep it is merged in our society but also the added value that its practice gives irrespective of age and condition.

Italy is a very important piece of the European Karate Federation and also of the World Karate Federation, for both qualitative and quantitative reasons. We are aware of the progress that karate has experienced in the country and how positively it has been contributing to the worldwide development of our sport. On the other side, we all welcome the fact that the Italian Federation is hosting a major official karate event since long time ago. It is a very clear and positive sign of the health of the Italian karate and its full integration in the European Karate Federation.

We also want to congratulate the Italian Federation for the commitment, professionalism and interest shown for the successful organization of these Championships, and wish that this event will serve to further promote karate popularity and practice throughout the country.

In the name of the whole European Karate, thank you for your inestimable contribution, and be sure that we all will enjoy unforgettable days in Trieste.

Antonio Espinos
The President of
EKF - European Karate Federation

Trieste, Italy – 15/17 February 2008

Dear Friends,

It is an honour and a pleasure for me to invite you to take part in the 35th edition of the European Karate Championships, reserved for Cadets and Juniors, which will take place in Trieste from 15 to 17 February 2008.

Italy is a Country that has lovingly and successfully practised Karate for many years. Our Federation is very proud to host an event for youngsters which, ever since it was set up, has proved to be rich in technical and competitive values, and a first, gratifying opportunity to promote future Champions.

The city of Trieste, which is hosting the 2008 edition of the Championships, is a veritable symbol of Sport in Italy, with many historical Sports Clubs and a never-ending supply of great sportsmen. With its port, its geographic location and traditions, Trieste is a window for continental Europe that opens onto the Mediterranean Sea.

It can also boast excellent organisational and hospitality traditions, qualities that will make your stay in Italy and in the city of Trieste a very pleasant and productive one.

My very warmest welcome to you.

Information about Trieste

The city of Trieste stands out over the blue sea and sky on the furthest patch of the Italian Adriatic and appears like a last Mediterranean mirage for those following this northern stretch of the coast; Trieste's originality and diversity are brought together in street after street, squares and palaces which almost entirely retain their testimony to Roman, Venetian and above all Austro-Hungarian architecture.

Trieste, Italy – 15/17 February 2008

The crossroads of culture that animate this Julian regional capital are expressed through a rich and extremely varied [museum network](#), a large number of [cafés](#) (meeting places for all walks of life) and [literary](#) thoroughfares where you can relive the experiences of the various Svevo, Saba and Joyces.

[Food and drink](#) that characterise this area will satisfy wine lovers as well as all the territory's specialities such as minestrone, fish, shellfish, oils and desserts.

The urban pedestrian itinerary cannot prescind the old city, dominated by the [San Giusto](#) hills, from the Teresiano "borgo" with the most modern part of city, and obviously the most natural starting point is [Piazza Unità](#), the largest square in Europe which overlooks the sea.

The [surrounding](#) areas of the city offer numerous entertainment and exploration possibilities such as the majestic Duino and Miramare castles, the Gulf with its little beaches and the port of Muggia, the [Grotta Gigante](#), a tourist cavity without equal anywhere in the world, and the green Karstic highlands which run alongside the Coast.
